# Welcome!

Dear Student:

Do you know what you want to be when you grow up? There are so many jobs to choose from! It's okay if you don't know just yet.

You will hear all about **careers** at the **JA Inspire Virtual Career Fair**. Careers are the jobs people work. People in our community work doing all kinds of things. Some people like working with computers or building things. Some people like to teach or work with animals. Some people like to cook, sell things, or work with machines. Some people like to run businesses or help other people and their families.

At the fair, you will see and hear community workers who will talk about their jobs. We hope that the fair will help you think about a job you can do someday. Who knows? You might find a job that is just right for you!
